First Priority Group is a diversified manufacturer, dealer, upfitter and service provider of emergency and specialty vehicles. The company is a market leader in its four Divisions - EMS, Fire, Conversions and Clean Transportation Solutions. Established 20 years ago, First Priority's range of expertise encompasses design, manufacturing, service, fleet management and infrastructure installation to provide end-users with comprehensive one-stop solutions across their specialty vehicle needs.

With over 150 employees in 4 locations across the U.S. (in New Jersey, North Carolina and California), First Priority has developed the depth to serve clients from both the public and private sectors. First Priority's professionals bring to bear their longstanding experience from the fire, medical, law enforcement, clean transportation, automotive and other commercial sectors.

Year after year, First Priority has grown its existing business lines while developing new areas of opportunity.

Our major business lines include:

- Ambulance Sales, Remounts and Service
- Specialty Vehicle Conversions and Service
- Fire Apparatus Sales and Service (New Jersey & Delaware)
- Electric Bus and Truck Sales, Conversions and Service

First Priority's on-going investments in infrastructure, processes and systems ensure the Company has the resources and professional talent to continue its strong performance and remains committed to providing its customers with solutions-based approaches for addressing their critical vehicle needs.
