FIRE RESCUE

Response • Rescue • Evacuation • Containment

FIRE RESCUE

Front line responders know it takes the tools, the training and the truck to succeed in field rescue operations. RedTac by First Priority Group offers pre-configured models for your mission. FD based automotive/structural rescue, or more specialized rope, confined space, trench, marine rescue, EMS operations, HazMat and more. Each body is built with high durability and reliable electrical systems. Fully integrated consoles, LED warning lights, bright compartment lighting, plus rugged trays and shelves deliver a solid and capable rescue unit. Choice of standard, extended, or crew cab models.

RELY ON REDTAC. ARRIVE READY.

ABOUT **REDTAC**

America's first family of mission specific vehicles for the fire service. Pre-configured, turnkey and complete, each RedTac model is crafted around the core needs of your fire department. Our RedTac product line features any type of fire emergency vehicle ranging from fire rescue to fire support, mobile command to wildland and more! RedTac is the latest badge from First Priority Group (FPG) which has historically been known for its custom fire upfits and vehicle conversions. FPG's RedTac series delivers a selection of standardized field-proven designs for faster and more value-driven build outs.
