

## **MOBILE COMMAND**

**Response • Incident Command • Communications • Logistics**

## **MOBILE COMMAND**

Rolling in with the right mobile field command resources can make a huge difference. First Priority Group's RedTac line offers small, medium, large and extra-large solutions for fire-rescue mobile command vehicles. Different missions and varied budgets mean one size does not fit all, yet RedTac easily frames your choices. Equipped to accommodate the latest technologies, drone support and monitoring, leadership interaction, data communications and broad incident support, RedTac configurations help your leadership establish strong incident command. From a few hours at a structure fire to many weeks at a wildfire base camp, RedTac is there to sustain operational backbone on the scene.

**RELY ON REDTAC. ARRIVE READY.**

### ABOUT REDTAC

America's first family of mission specific vehicles for the fire service. Pre-configured, turnkey and complete, each RedTac model is crafted around the core needs of your fire department. Our RedTac product line features any type of fire emergency vehicle ranging from fire rescue to fire support, mobile command to wildland and more! RedTac is the latest badge from First Priority Group (FPG) which has historically been known for its custom fire upfits and vehicle conversions. FPG's RedTac series delivers a selection of standardized field-proven designs for faster and more value-driven build outs.
